HOUSING COVERS

Thermostat Housing Covers — All Makes 12 items 8

> **How to order:** quote the product code shown under each item to your ASC representative or contact our trade counter. Vehicle applications and OE numbers are a guide only — always compare the housing against the original for port positions, sensor ports, thermostat opening temperature and the number and spacing of the bolt holes before fitting. Housings supplied without a thermostat unless the description states otherwise. Prices are on your current trade price list and are not printed here.
