Accessories Spares Centre (Pty) Ltd

TRADE CATALOGUE

AUTOMOTIVE SENSORS

Engine management and body sensors — crankshaft and camshaft position, throttle position, air flow and air mass, MAP and manifold pressure, oxygen, knock, speed, temperature senders and level sensors — arranged by sensor function.

Other Engine Management Sensors 3 items 9

How to order: quote the product code shown under each item to your ASC representative or contact our trade counter. Vehicle applications and OE numbers are a guide only — always compare the connector, pin count, thread and body length against the original before fitting. Sensors are electrical items and are not returnable once fitted. Prices are on your current trade price list and are not printed here.

Crankshaft & Camshaft Position Sensors
