COMPANY PROFILE
公司介绍

Zhongshan Changfan AUTO Security Equipment Co.,ltd, was established in 2007.

There are about 100 employees work in our company , include 3 engineer teams. Area cover 5000 square meters, 3 production line, 2 SMD machine, more than 15 kinds of detection equipment.

Our concept:
Customer is always first.
Our principle:
Honest, hight-efficient, professional.

3570 CSP LED CHIP

DOUBLE COPPER TUBES

EXTERNAL DRIVE

POWERFUL FAN

KEY FEATURE:

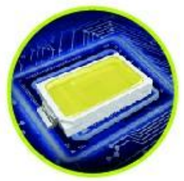

- The stabilization power is 75W / 1PC with 8500lm 1 pc with Light efficiency over 120
- Double copper tube heat conduction & intelligent high speed fan with Better cooling effect
- With external drive ; constant voltage and decoding ,fit for 90% of the market car models
- The core temperature less than 105 degree of the central of LED chip

Parameter	
Light source: 3570 for double side 12 pcs chips	Lumen: 8500 lm/ 1pc
Power: 75W/1pc	Color temperature: 4300- 6500K
Working range: 12-36V	Work temperature : -40- 150 Degree
High speed Fan: 4.3m/s wind speed	Driver: external drive ; A/C output
Heat dissipation system: customized heat dissipation aluminum material	

Model:

H4 H7 H11 9005 9006/9012

3570 CSP LED CHIP

DOUBLE COPPER TUBES

EXTERNAL DRIVE

POWERFUL FAN

KEY FEATURE:

- The stabilization power is 75W / 1PC with 8500lm 1 pc with Light efficiency over 120
- Double copper tube heat conduction & intelligent high speed fan with Better cooling effect
- With external drive ; constant voltage and decoding ,fit for 90% of the market car models
- The core temperature less than 105 degree of the central of LED chip

Parameter	
Light source: 3570 for double side 12 pcs chips	Lumen: 8500 lm/ 1pc
Power: 75W/1pc	Color temperature: 4300- 6500K
Working range: 12-36V	Work temperature : -40- 150 Degree
High speed Fan: 4.3m/s wind speed	Driver: external drive ; A/C output
Heat dissipation system: customized heat dissipation aluminum material	

Model:

H4 H7 H11 9005 9006/9012

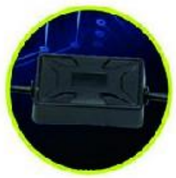

3570 CSP LED CHIP

DOUBLE COPPER TUBES

EXTERNAL DRIVE

POWERFUL FAN

KEY FEATURE:

- The stabilization power is 40W / 1PC with 4500lm 1 pc with Light efficiency over 120
- Double copper tube heat conduction & intelligent high speed fan with Better cooling effect
- With external drive ; constant voltage and decoding ,fit for 90% of the market car models
- The core temperature less than 105 degree of the central of LED chip

Parameter	
Light source: 3570 for double side 12 pcs chips	Light efficiency: 120
Lumen:4800 lm/ 1pc	Stabilization Power: 40W/1pc
Working range: 12-36V	Work temperature : -40- 150 Degree
The Chip's core temperature: less than 105 degree	High speed Fan: 4.3m/s wind speed
Heat dissipation system: customized heat dissipation Zinc alloys material	Driver: external drive ; A/C output

H7

9005

9006/9012

3570 CSP LED CHIP

DOUBLE COPPER TUBES

360 DEGREE TURNING LAMP HOLDER

POWERFUL FAN

KEY FEATURE:

- New design double-copper inline structure;
- Small size ,non-destructive installation
- Built-in high speed hydraulic fan, with perfect cooling effective ;
- 360 degree turning lamp holder,adjust the light shape .
- With internal drive , constant voltage and decoding, fit for 90% of the car models

Parameter	
Light source: 3570 for double side 12 pcs chips	Light efficiency: 120
Lumen:4800 lm/ 1pc	Stabilization Power: 40W/1pc
Working range: 12-36V	Work temperature : -40- 150 Degree
The Chip's core temperature: less than 105 degree	High speed Fan: 4.3m/s wind speed
Heat dissipation system: customized heat dissipation Zinc alloys material	Driver: external drive ; D/C output

3570 CSP LED CHIP

DOUBLE COPPER TUBES

EXTERNAL DRIVE

POWERFUL FAN

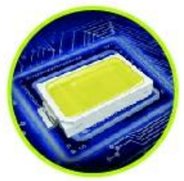

KEY FEATURE:

- The stabilization power is 55W / 1PC with 8500lm 1 pc with Light efficiency over 120
- Double copper tube heat conduction & intelligent high speed fan with Better cooling effect
- With external drive ; constant voltage and decoding ,fit for 90% of the market car models
- The core temperature less than 105 degree of the central of LED chip

Parameter	
Light source: 3570 for double side 12 pcs chips	Lumen: 6500 lm/ 1pc
Power: 65W/1pc	Color temperature: 4300- 6500K
Working range: 12-36V	Work temperature : -40- 150 Degree
High speed Fan: 4.3m/s wind speed	Driver: external drive A/C output
Heat dissipation system: customized heat dissipation aluminum material	

Model:

3570 CSP LED CHIP

360 DEGREE TURNING LAMP HOLDER

EXTERNAL DRIVE

POWERFUL FAN

KEY FEATURE:

- Special design of the lamp body;
- Made with high thermal conductivity pure copper plate , heat conduction is very fast ;
- Use thermoelectric separate technology ,
- With external drive ; constant voltage and decoding ,fit for 90% of the car models
- The core temperature less than 105 degree of the central of LED chip

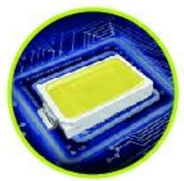

Parameter	
Light source: 3570 for double side 12 pcs chips	Stabilization Power: 28W/1pc
Light efficiency: 120	Lumen:3300 lm/ 1pc
Working range: 12-36V	Work temperature : -40- 150 Degree
The Chip's core temperature: less than 105 degree	High speed Fan: 4.3m/s wind speed
Heat dissipation system: customized heat dissipation aluminum material	Driver: external drive ; A/C output

Model:

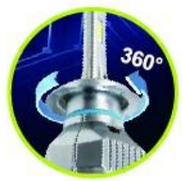

H4 H7 H11 9005 9006/9012

LED headlamp
in licence plate frame

200% brightness

Parameter

Power: 45W	Lumen: 3300Lm
Material: iron alloy	Power output: 12-24V

KEY FEATURE

- A module of three LED lens light , 45W output ,
- The light evenly spread on the ground , double brightness for you original car lighting
- Compatible with 12- 24V output vehicle
- 40A powerful relay, with blade fuse safety protect you conversion circuit
- Open/close the LED light both by remoter or switch
- 6 kinds of flash models control by remoter

Blue-tooth APP two way car alarm

You phone is your remoter controller...

KEY FEATURE

- PKE key-less entry from smart phone
- Two way Real-times Feedback alarm situation
- Varied programmable functions for option
- Disarm dialogue feature
- Hopping code and use GFSK technology

HTC-2

LORA technology two way car alarm

5000m remote range...

KEY FEATURE

- 64 bit hopping code
- Disarm dialogue feature
- Turbo charging time delay
- Two way Real-times Feedback alarm situation
- Varied programmable functions for option

HTS-GPS
Lora Two way car alarm match with GPS module

HTS-1
pin Lora Two way car alarm with turbo timer function

Regular Two Way Alarm

Disarm dialogue Turbo timer

KEY FEATURE

TW01

433.92 two way car alarm

- Without engine start
- FSK technology
- Hopping code
- 433.92Mhz

HTC-1

868 two way car alarm (with turbo timer)

- Without engine start
- hopping code
- Turbo timer
- Disarm dialogue
- GFSK technology
- 868Mhz
- Window close
- Pin code

Smart phone is your car key

No need network connect

No service charge...

PKE 656

Functional description

- PKE key less entry function by the smart phone with blue-tooth
- Easy install , fit for 12V Power all vehicle
- Support for the blue-tooth connection sensitivity adjustment
- Open and close the car door by APP

Product Name: Smart Digital Key
Voltage Range: DC 9V~24V
Key Power Supply: DC 3.3V
Working Temperature: - 40 ℃ ~ + 85 ℃
Storage Temperature: - 40 ℃ ~ + 125 ℃
BT Control Distance: ≤ 50 Meter

Bluetooth APP
1- Way Car alarm

PKE from smart phone
Control both by APP+ Remote

MA0333BT
13P 1-way car alarm for Malaysia Market

CH111BT
12+5 P 1-way car alarm

CH002BT
10+5PIN 1-Way Car alarm for Southern America Market

Functional description

- No need network connect , no service charge
- PKE key less entry function by the smart phone with blue-tooth
- Support for the blue-tooth connection sensitivity adjustment
- Open and close the car door Both by APP and Remoter
- Auto alarm and re-alarm
- Mute alarm /Car finding
- Remote trunk release
- Central door lock automation
- Door unlock well reminding

ONE WAY CAR ALARM

433.92/868Mhz frequency
Hopping code design
Remote lock/unlock
Car finding/auto alarm
Central coor lock automation

CH3000
12+5 Pin 1-way car alarm for Mid-east market

MA0333
13P 1-way car alarm for Malaysia Market

CH111
12+5 P 1-way car alarm

CH002
10+5PIN 1-Way Car alarm for Southern America Market

Car alarm & keyless entry with central lock

Connect with central door lock system

Functional description

- Sound and light warning
- Trigger arming
- Door open warning
- Mute alarm
- Power off memory
- Auto alarming re arm
- Central door lock automation
- Car finding
- Emergency disarm
- Anti-hijacking

CA15A
Car alarm with central lock

KE07
Keyless entry with central lock

KE08

OBD Car diagnostic device for new energy car

Feature

- Support most brand of the new energy car like Tesla BYD BMW ect....
- Best blue tooth adaptor for vehicles
- Support Android and IOS

Functional description

- Clear fault codes.
- Deep detection : Deeply Test + ECU Coding + Adaptation + Matching
- Read data stream of the battery pack :
  Diagnose battery pack faults, read battery pack pressure difference, voltage, temperature, etc
- Driving management: Record driving time, distance,and analysis.
- Performance test .
- Component test : Test the component like sensor, ECU ,and other...
- Tire pressure alarm: Alarm when the tire pressure is abnormal

CAN-BUS
CAR ALARM SYSTEM

Alarm warning

Direction light dual flash

Speed lock

Auto window up and down

Suitable below car : - Audi - Volkswagen - Peugeot - Renault - Fiat

UPGRADE CAR ALARM SYSTEM

1. Arm the alarm with OEM remote
2. Disarm the alarm with OEM remote
3. Arming/disarming with or without sound (Programmable)
4. Car finder with OEM remote
5. Door open alert while driving
(Programmable, maybe not available for some car models)
6. Closing door reminder when arming
7. Door/trunk/ignition protection while armed
8. Shock sensor trigger
9. Shock sensor bypass
10. Foot brake lock or Speed lock
11. Auto arming (Programmable)
12. Auto re-arming
13. Emergency override
14. Automatic window closing
15. Driver door anti-hijacking

Smart Phone car alarm WITH GPS TRACKER

4G | PKE

Functional description

- Remote start engine by phone or remoter
- Push button engine start& stop
- PKE keyless entry from smart phone by blue-tooth and by Remoter
- GPS tracker & location
- Full-function car alarm features

6G

CF-01

Car Immobilizer Engine Lock

Suitable vehicle & motorcycles both

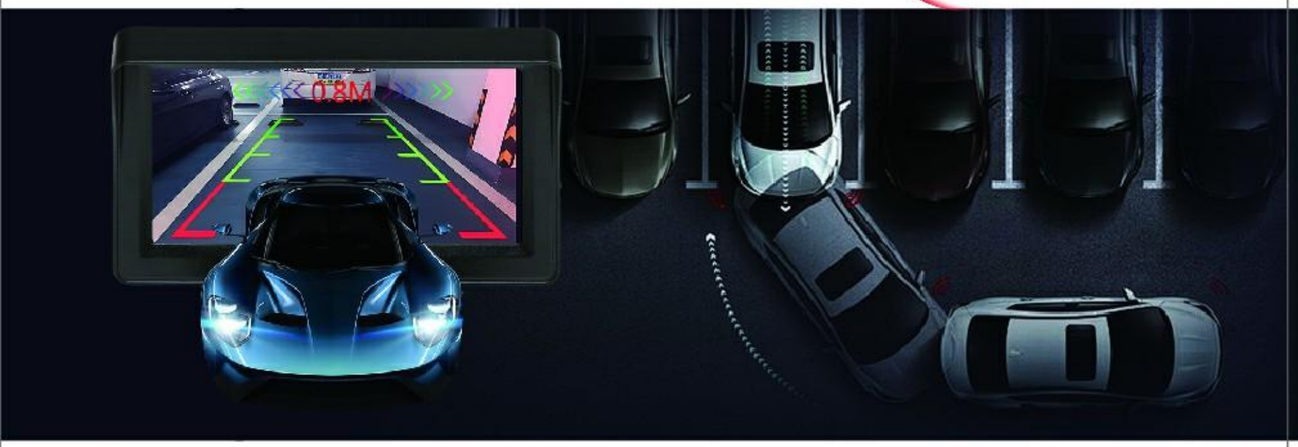

Functional description

- Engine Immobilizer 2.4GHz proximity key
- Automatic Arm/DisarmAnti-carjack by proximity key
- Built-in engine disable relay
- Low battery alert -Emergency Override by Valet swtich
- Buzzer warning
- Suitable vehicle type All 12V models are common
- Control distance 5m
- Feature Engine immobilizer 2.4GHz Dialog Code
- Voltage DC 12V

Three in One rear-view parking sensor

KEY FEATURE

- Non - destructive installation, no drilling, no impact on the appearance of the car.
- Fit for various brands of vehicle DVD display.
- The effect of night vision is outstanding, 170 degree wide angle, high definition design.
- IP68 waterproof design
- Color reversing line distance accurately showing the distance of the hindrance.

3 IN 1

PK118

Parameter

Parking sensor:	Working Voltage:12V DC±20%	Current Consumption: 20mAh ~ 60mAh
Sensor Installation Height: 45 ~ 60cm	Detecting Distance:0.3 ~ 2.0m	Ultrasonic Frequency:40kHz
Beep Volume:≥48dB	Working Temperature:Working Temperature	
Camera : TV System:NTSC	Image Sensor:1/3" Color	Effective Pixels:628*582
Resolution:600 TV Lines	Working Voltage:12V DC±20%	Current consumption:80mA
Min. Illumination: 0.02lux	Lens Angle:170 degree	Video Output:1.0Vp-p/75 ohms

PARKING SENSORS

LCD / LED

Black White Silvey Gray

KEY FEATURE

- Automatically works when reversing
- Show distanc e by digital display
- Detect distanc e:0.3~2.5M
- Easy installation
- Embedded detector sensors (which require installation into your rear bumper)
- High-tech processing, High-quality detector sensor, Beautiful line type figure
- 4-sensor, 6-sensor, 8-sensor, 3-sensor, even 2-sensor model is optional for you

40 W

3 inch 3 lens Dual-color LED spotlight

KEY FEATURE

- IP68 Waterproof level
- High brightness ,high quality led beams
- All aluminum material with high efficiency heat dissipation
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 4500LM	Power: 40W	Voltage:12-24 V	Material : Aluminum
LED Chip: 3570	Service lift: 5000H	Currency: 2.3A	Waterproof level: IP68
Color : white+yellow			

55 W

4 inch 5 lens Dual-color LED spotlight

KEY FEATURE

- IP68 Waterproof level
- High brightness ,high quality led beams
- All aluminum material with high efficiency heat dissipation
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 6000LM	Power: 55W	Voltage:12-24 V	Material : Aluminum
LED Chip: 3570	Service lift: 5000H	Currency: 2.3A	Waterproof level: IP68
Color : white+yellow			

70 W

4.5 inch 7 lens Dual-color LED spotlight

KEY FEATURE

- All aluminum material with high efficiency heat dissipation
- IP68 Waterproof level
- High brightness ,high quality led beams
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 8000LM	Power: 70W	Voltage:12-24 V	Material : Aluminum
LED Chip: 3570	Service lift: 5000H	Currency: 2.3A	Waterproof level: IP68
Color : white+yellow			

40W

4 Lens Dual -color LED spotlight with LED

KEY FEATURE

- All aluminum material with high efficiency heat dissipation
- Professional optical lens design, With two color LED chip
- IP68 Waterproof level
- High brightness , high quality LED lamp beads , better lighting efficiency.
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 4000LM	Voltage: 12-24V	Material : Aluminum	Power: 40W	LED chip: 3570
Service lift : 5000H	Currency : 2.3A	Waterproof Level: IP68	Color : White+yellow	

30/40/50W

Dual Color LED light sport (2/3/4 lens)

KEY FEATURE

- IP68 Waterproof level
- High brightness ,high quality led beams
- All aluminum material with high efficiency heat dissipation
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 4000-8000 LM	Power: 30/40/50w	Voltage:12-80v	Material : Aluminum
LED chip: 3570	Service lift: 5000H	Currency: 2.3A	Waterproof level: IP68
Color : white+yellow			

12/15/21W

Dual Color LED light sport (signal len)

KEY FEATURE

- IP68 Waterproof level
- High brightness ,high quality led beams
- All aluminum material with high efficiency heat dissipation
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 2000-4000 LM	Power: 12 /15/21W	Voltage:12-80v	Material：Aluminum
LED chip: 3570	Service lift: 5000H	Currency: 2.3A	Waterproof level: IP68
Color : white+yellow			

27W/33W/35W

Flying Eagle TYPE Dual-color LED spotlight

KEY FEATURE

- IP68 Waterproof level
- High brightness ,high quality led beams
- All aluminum material with high efficiency heat dissipation
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 4000-6000 LM	Power: 27/33/35W	Voltage:12-80V	Material : Aluminum
LED chip: 3570	Service lift: 5000H	Currency: 2.3A	Waterproof level: IP68
Color : white+yellow			

30W

Dual Color LED light sport (signal len)

KEY FEATURE

- IP68 Waterproof level
- High brightness ,high quality led beams
- All aluminum material with high efficiency heat dissipation
- Face the elements of the outdoors with ease strong lamp body

Technology information:

Lumen: 4000 LM	Power: 30W	Voltage:8-80v	Material：Aluminum
LED chip: 3570	Service lift: 5000H	Currency: 3A	Waterproof level: IP68
Color : white+yellow			

Led lamps flash control module

Remote wiring harness kit for LED car bar

1-WAY

2-WAY

KEY FEATURE

- Compatible with all automobiles, boats and devices equipped with LED car Bar or 4x4 Off Road car LED Strobe light
- 40A Power relay with Blade fuse safety protection and conversion circuit.
- Illuminated switch: Remote Turn On/OFF the light with manual switch passed test of 5,000times pressing.
- Six Kinds of Flash light mode control by remote
- Equipped with 1 control 1 led, 1 control 2 leds and 1 control 4 leds

http://www.autochangfan.com

Led lamps flash control module

Remote wiring harness of motorcycle LED flash light

KEY FEATURE

- 40A Power relay with Blade fuse safety protection and conversion circuit.
- Illuminated switch: Remote Turn On/OFF the light with manual switch passed test of 5,000times pressing.
- 6 Kinds flash light control mode by remoter
