How to order: quote the product code shown under each item to your ASC representative or contact our trade counter. Model generations matter on this range — a Ranger T7 part will not fit a T8 or T9, and a Hi-Lux 2015 part will not fit a 2021 — so check the generation heading and the year range in the description against the vehicle before ordering. Items described as kit form are supplied unassembled, and unpainted items must be prepared and painted before fitting. Prices are on your current trade price list and are not printed here.
