Starter & Solenoid Switches 9 items 18

Battery Isolators & Cut-Off Switches 13 items 19

Switch Panels, Covers & Accessories 24 items 20

Marine & Specialist Switches 19 items 21

How to order: quote the product code shown under each item to your ASC representative or contact our trade counter. Vehicle applications and pin counts are a guide only — always compare the connector, the number of pins and the terminal layout against the original before fitting, and check the amperage rating of universal switches against the circuit. Prices are on your current trade price list and are not printed here.
